Summary of the Interview

Commissioner for Patents
P. O. Box 1450
Alexandria, VA 22313-1450

Sir:

In response to the telephone call of earlier today, Applicants note the following:

On May 5, 2009 a Notice Under 37 C.F.R. 1.251 was received for the above-referenced file.

On June 10, 2009, JC Samuels, the person who issued the Notice, spoke with Brett H. Peterson of BATEMAN IP LAW GROUP and indicated that the file had been found and that no further action was necessary on the part of Applicants.

On August 14, Randall B. Bateman of BATEMAN IP LAW GROUP left a voice mail for JC Samuels asking him to contact counsel if there was any further problem with the files. No response was received.

Should the Examiner determine that any additional materials are needed, it is requested that he contact counsel and the same will be provided promptly.

This morning counsel received a call from Examiner Yuen regarding reconstruction of the file. Counsel explained that the application as filed and the response to the restriction requirement were available on PAIR. Mr. Yuen indicated that he would retrieve the necessary documents from PAIR and that no further action was needed by Applicants.

DATED this 23rd day of March, 2010.

Respectfully submitted,

/Randall B. Bateman/
